

Shaw nee Tichenor, Sebastian County Extension – 4-H Day Superintendent
AJ Russell, Sebastian County Extension – Assistant 4-H Day Superintendent

The aim of 4-H club work is to teach boys and girls, through practical project training, how to become more useful and progressive citizens. Their program is well balanced, since the 4-H Emblem itself means equal training of the head, heart, hands, and health. The 4-H program is so organized and conducted so that it stresses loyalty, fellowship, and brotherhood. The development of leadership is one of the chief aims of 4-H club work.

“4-H Can Make a Difference”

Wednesday, September 28th is Food Day at the Arkansas-Oklahoma State Fair. All who enter Kay Rodgers Park prior to 4 p.m. are asked to bring one canned food item or to contribute \$1.00. All food items and collected funds will be given to the Community Services Clearinghouse. The money is used to purchase non-perishable food items for the Back-Pack Program providing weekend meal support to underprivileged children. This voluntary program is an excellent opportunity for 4-H clubs to participate in a worthy community service activity.

4-H HORTICULTURE CONTEST

The contest will consist of judging and identification of plant specimens. For the full list of potential specimens, as well as study materials, please see the plant lists in the “Projects, Contests and Activities” section of the National Junior Horticulture

Association website at:

http://www.njha.org/projects_hortid.html

There will be 3 classes of four (4) plates. Each will be judged on the basis of condition, quality, uniformity, true-to-type, and size. Classes will be taken from any of the lists (see the website above) of the four commodity groups to be indentified/judged (fruits and nuts, vegetables and herbs, flowering/indoor plants and woody ornamentals). Plates in each class will be ranked from first to last. Scores will be determined by a Hormel calculator. Oral reasons will not be required of contestants.

The identification portion includes a total of 40 samples from any of the lists of the four commodity groups to be indentified/judged.

The final score will be determined by the total score of the judging classes (50 points possible each) plus the identification test (200 points possible).

Ribbons will be awarded to the top ten (10).
